### Junior Cycle Specification

A specification replaces the traditional subject curriculum. It provides information on the learning outcomes and assessment procedures for each individual subject and short course.

### Junior Cycle Profile of Achievement (JCPA)

The reporting process at junior cycle will culminate in the award of the Junior Cycle Profile of Achievement (JCPA) to students.

The JCPA will reward achievement across all areas of learning as is applicable to the student. This includes subjects, short courses, wellbeing and other areas of learning.

The JCPA will draw upon and report on achievement across all elements of assessment including ongoing, formative assessment; Classroom Based Assessments; and SEC results from state certified examinations and where applicable the Assessment Tasks.
